

Dear Bell Sunn,

Thank you for all the things you did for us (Te lumanaki o tokelau i amelika). I thank you because you gave us more knowledg in our minds. And it made me realize and my family why its very important to always reduce, re use, recycle. So to help our enviornment and ocean my mom bought cloth bags just as you suggested. Happy new year and MAHALO'S for all your help. God bless you.
